Snehi Shree Santosh ji,

Abhinandan-Namaskar.

I am happy to know that under the aegis of **World Book of Records**, its Indian chapter is going to publish **Annual World Record Magazines 2017-18**.

Job of documenting the records after verifying the authenticity and truth, is difficult one, and requires tremendous zeal and constant updating. Awarding of excellence and assimilation of outstanding performance of our youth, can inspire them a lot for inspiring to create the world record.

I convey my best wishes for the **Magazine 2017-18**.
